REPORT OF THE BOARD OF DIRECTORS

to the Shareholders of the

Dominion Steel Corporation, Ltd.

Presented at the Annual Meeting on Thursday, 24th June, 1915.

Your Directors submit herewith the Consolidated Balance Sheet as at 31st March, 1915, together with the Profit and Loss Account for the year ending on that date.

The net earnings of the Corporation and its Constituent Companies, after making full provision for bad and doubtful debts and after adjustment of the values of materials on hand, were $3,571,058.98.

From this amount there has been reserved for depreciation Sinking Funds and proportion of discount on bonds the sum of $1,064,279.88. The undivided profits carried forward have been increased by $225,256.24. The business of the Steel Company was seriously disturbed during the year and the Directors were obliged to postpone payment of the dividends on its preferred stock.

The operations of the Coal Company were affected unfavourably by the closing down for some months of the Steel plant, but its business was on the whole well maintained. The prospects for the coming year are good, but the requisition of our Colliers by the Admiralty is seriously affecting the question of transportation.

In the early part of the year a distinct revival in the demand for iron and steel in Canada was apparent, but business came to a stand-still with the outbreak of the war. We have as yet experienced no revival of the Canadian demand, but there is a considerable tonnage of steel required for war purposes, and the demands for the export trade are large, while prices abroad have risen to a level more in keeping with the heavy cost of transportation. Your Company is receiving a full share of business in these lines.

The only material addition which your directors have made to your properties since the last annual report is a plant for the recovery of Benzol and other hydrocarbons, the erection of which was undertaken in February. This plant, although not quite complete, is producing a considerable quantity of these by-products, which are now greatly in demand. Even under normal conditions the plant should yield a very good return on its cost.

The properties of the Corporation and their equipment have been maintained at the usual high standard of efficiency and repair.

On the whole your directors are pleased to be able to report a marked improvement in the outlook for your Constituent Companies in the coming year, as the result, mainly, of the special demands from abroad.

Your directors desire to express their deep appreciation of the zealous and untiring services rendered by the officers of the constituent Companies during the year. Their burdens and responsibilities are greatly increased in such times as these, and the response of your officials in their various fields of labour has been uniformly loyal and efficient.

All of which is respectfully submitted.

For the Board of Directors,

J. H. BLUMMER, President.

Montreal, 28th May, 1915.
